

## Traffic Shows Big Gain As Truckee Back In 3rd Place

### March Travel Shows Big Increase Over Last Year's Mark

Traffic entering California through Truckee on Highway 40 showed a marked increase during March over the preceding month and was considerably greater than during March 1958, according to a report from the department of agriculture.

Last month 39,934 cars, 4,335 trucks and 642 buses entered the local quarantine station, compared to 21,157 cars during February and 23,735 during March last year.

On Highway 50 at Meyers, 9391 cars, 541 trucks and 36 buses were checked last month. This compares to 6,644 cars checked during February and 7,260 during March, 1958.

The count showed Truckee in third place as a point of entry during March.

## District Election Is Set For Tuesday

Polls at the office of the justice court will be open between the hours of 7 a.m. and 7 p.m. next Tuesday, May 5 when the Truckee Public Utility District election will be held.

Four directors from a field of nine candidates will be elected. The candidates are Cecil Edmunds, former manager of the district for more than 30 years, incumbents Dr. B. R. King, Daniel Horman and Jack Neugebauer, and Jack Ellis, Lauren Russell, H. L. Owens, Charles Vind and Raymond Hartstein.

George Kaspian is the only hold-over director and Hal Welch, incumbent, is not a candidate.

## Soroptimists Will Present Drunkard

The Soroptimist Club of Lake Tahoe will present The Drunkard, May 1 and 2, at the Nevada Lodge in Crystal Bay. Described as a moral, domestic drama of the mid-nineteenth century, it was made celebrated by the famous P. T. Barnum in his American Museum in New York City.

Bob Beaverson of Tahoe City is directing the play and says he has a splendid cast for the melodrama. The cast of characters were selected from all over the Truckee-North Tahoe area and include the sweet and pure heroine, played by Marge Boyer; the noble, upstanding hero played by Norman Wilson; the ever 'in the nick of time' savior, Skip Ferdinand; Mad Agnes, played by Holly Wilson; the villainous villain played by Jack Van Allen; with a supporting cast, including Virginia and Ken Ferrier, Jayne Shontz, and Bud Mandeville.

In conjunction with the play there will be the traditional olio, directed by Jimmy Chastain of Kinks Beach. This medley will include a barbershop quartet and various singing and dancing acts. Jimmy says he has a big surprise in store also.

The Soroptimist Club of Lake Tahoe is presenting the play as their service project for the community for this year. All proceeds will go to the Tahoe Forest Hospital. Tickets are \$2. Other details are in the ad to be found further in the paper.

The local chamber has been requested to act as housing agency for the Donner Summit area as well as Truckee and while no decision has been reached by the chamber all resort and motel operators throughout the region are asked to attend the meeting.

A luncheon will be served.

The play, written by Moss Hart and George S. Kaufman, was acquired through the Dramatists Play Service, Inc., and was highly successful on Broadway. It was then made into a movie, starring Jimmy Stewart. A story of a most eccentric family, the play promises to be very good, and will be fun for everyone to see.

## THREE BABIES BORN AT LOCAL HOSPITAL

Three infants made their debut during the past week at Tahoe Forest Hospital including Deana Rae, daughter of Mr. and Mrs. Hady Levie of Truckee, born April 21 with a round weight of 7 pounds, 7 and one half ounces.

Mr. and Mrs. James Williamson of Tahoe City greeted their daughter, named Tamara Lynne April 26. Her arrival weight was 6 pounds, 4 ounces.

Mr. and Mrs. Kim Jam Fong of Truckee became the parents of a girl named Monica on April 27. The child claimed the petite weight of 5 pounds, 9 ounces.

## GAIL DALY FETED AT BIRTHDAY PARTY

The third birth date of Gail, daughter of Mr. and Mrs. Derrold Daly was the incentive for a celebration on April 22 when the tiny honoree shared her attractively decorated cake with other members of the Truckee Co-operative Nursery School.

Included in the festivity were Jacquie Waller, Genice Vind, Evelyn Brusnasaw, Johnny Hughes, Bill Apple and David Daly.

## Wolverines Make It 8 Wins, 2 Losses In Baseball Series

### Elko, Fallon Next On List As Wolverines In Winning Mood

The Tahoe Truckee Wolverines led by the pitching of freshman John Zanotti and two home runs by Bill Notley and Marty Kumble dumped the visiting Carson City Senators 8-1 on the local diamond last Monday. The win gave the home team a 6-2 conference record and a 8-2 overall standing.

**BY JOHN FIRPO**

Brilliant one-hit pitching on the part of Tahoe Truckee moundman, Craig Robinson, enabled his teammates to outscore the Yerington Lions, 3-1, last Saturday at Yerington. It was the fireballing right-hander's fourth win against one defeat. For Coach Cal Farley's Wolverines it was their fifth conference win; they have dropped only two, and put them in a temporary tie with the Fallon Green Wave for third spot in the league. Reno leads the league undefeated in seven starts while Sparks is second with one loss and five wins.

At Yerington, the Mountain Men began the scoring right off by loading the bases in the initial frame. An error on Lion's catchers part enabled the visiting Californians to get one run. This was all the scoring until the fifth for Yerington. Eddie Stauffer doubled for the only hit off Robinson that day. He later scored on an error by the TnT second baseman to tie the contest 1-1.

The tilt continued to stay tied after the regulation innings and Truckee went into the top of the eighth to try and score. Trainor led off by getting a walk followed by the next batter who grounded out; then Craig Robinson stepped up and belted a triple scoring Trainor and sending the Wolverines in the lead 2-1. Bob Ziegler kept the scoring tempo up by singling to score Robinson and making it 3-1. The Lions finally quelled the Cardinal and White without any further runs and the bottom of the stanza was all up to the home team.

The first batter popped up to the infield; the second was Robinson's 12 strikeout victim, the third batsman walked and the last Lion popped up to end the affair and give the win to TnT, 3-1.

Tomorrow the home team travels to Elko and then Saturday continue their road trip by playing Fallon there. If, and I say that liberally, the Fallon team can beat Sparks on Friday and the Wolverines win both their contests they will have taken second spot in the final standing. Of course that's a lot of "ifs" but if Robinson is in top shape then Fallon better watch out.

## TELEGRAPHERS AT SACRAMENTO MEET

Earl Stice and Robert Bick Saturday attended the annual dinner meeting of telegraphers at Sacramento, the birth date of Samuel Morse being the incentive for the affair. The members are thinning out, due to other and improved methods of communication but the men played an important part in the development of present day progress.

## COSMOPOLITAN HAS STORY ON CUSHINGS

An illustrated article entitled "The Alexander Cushings of Squaw Valley," appeared in the May issue of Cosmopolitan Magazine.

The story and photos by C. Robert Lee says that "At 42, socialite Alex Cushing realized his five-year old dream of bringing the 1960 Olympics to California's Squaw Valley. Results: a \$16,000,000 ski resort, an international sports reputation, and, for the Cushing family, problems."

The article is neither flattering nor critical, but factual and interesting.

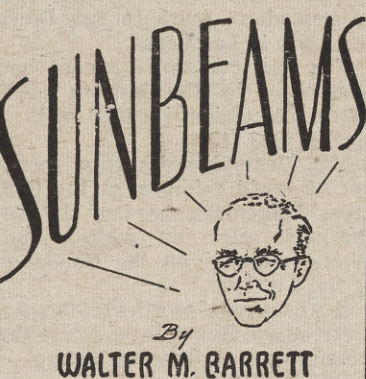

## FRIENDS GATHER FOR BIRTHDATE PARTY

Mr. and Mrs. Walter Jellin of Donner Lake last week entertained small friends of their son Jeffrey, in honor of the latter's birthdate. Their houseguest, Jeffrey's grandmother from San Francisco, Curt Melugin, Bruce Leamon, Curt Mullis and Sandy Davis shared the event.

## WHO WILL BE MISS DONNER LAKE?

The seven candidates for the title of Miss Donner Lake are pictured above. Winner will be decided at the Roaring Twenties Revue at the high school Friday evening when the Donner Lake Fire Department Auxiliary is sponsoring an old fashion box social starting at 6:13. Pictured in the top row, left to right: Shirley Smith, Nancy Williamson, Terry Ellis and Terry Beck; Bottom Row, left to right: Anita Diaz, Sharon Tremayne and Nancy Watts.

Bouquets this week to the volunteers who responded Saturday to the call for painters to doll Truckee up for the summer. That they did a good job is attested to by the look of the alley in the rear of the main business block. Buildings which had not been painted for 25 years and more took on a bright look as the men, women and children defied the storm to spread the brown and gray paint freely. It would be impossible to give due credit to each one participating but we think special thanks should go to the contractors who supplied and operated their equipment without charge. It was a great job, well done and the committees and volunteers alike are to be congratulated.

## 200 ATTEND THAW PARTY AT DONNER

The Spring Thaw Party, sponsored by the Truckee Cooperative Nursery School Parents and held at Donner Lake Lodge Saturday, was an outstanding success.

Approximately 200 friends gathered for an evening of dancing with a buffet served at midnight. The sponsors expressed appreciation for the support which made the affair such a success.

## WILLIAMS SECOND IN ACHIEVEMENT TEST

Robert Williams, senior student at the Tahoe Truckee High School, took second place in the annual Bank of America Achievement Awards program which was held at Marysville last Thursday.

Winner in the science and mathematics field, in which Williams was entered, was Harry Bergholt of the Sutter Union High School. Although Williams was eliminated from the competition in the Northern California finals to be held at Sacramento May 15, he received a \$50 award.

A total of 36 zone winners out of approximately 28,000 seniors from 222 Northern California high schools entered in this year's program will compete in the Sacramento finals.

## JENSEN, ERB PLAN TO BUILD NEW HOMES

TAHOE CITY — Jackie Jensen, famous baseball star, is convinced of the future of Lake Tahoe and Tahoe City, according to a report from Charles Beardsley, local realtor.

He and his partner, Boots Erb, III, have purchased a number of lots in Olympic Heights from Mrs. Virginia Kiser and Mr. and Mrs. Beardsley. They plan to build a number of speculative homes and Malcolm Courtney is the contractor.

Most of the homes are three bedroom and two baths and have a panoramic view of the lake. Jensen and Erb operate the Bow and Bell restaurant in Oakland.

## Queen Selection Will Be Made At Box Social Friday

Seven of the community's lovely young women will be competing for the honor of serving as Miss Donner Lake during the summer when the Roaring Twenties Revue will be staged at the high school tomorrow evening, sponsored by the Donner Lake Volunteer Fire Department Auxiliary. The affair

will be in the form of an old fashion box social with each lady providing a boxed lunch to be auctioned to the highest bidder. No other admission will be charged. Time for the affair: 6:13 p.m.

As these attending arrive they will vote for their choice among the queen contestants by writing her name on the back of tickets which are being distributed.

The candidates, pictured above are sponsored by various local organizations and are Shirley Smith, Nancy Williamson, Terry Ellis, Terry Beck, Anita Diaz, Sharon Tremayne and Nancy Watts.

The winner will reign over events in the community, including the Outboard Regatta, during the coming summer.

At the party Friday, coffee will be furnished by the auxiliary. Teen agers will have a separate auction and younger children are welcome and will not need tickets.

Those without tickets will be supplied at the door.

**The Program**

The program will include a beauty shop quartet, featuring Dorothy Slack, Dollie Harris, Joan Herron and Elnor Campbell. The cupie dolls are Pamela Horman, Kathy Campbell, Karol Sauby, Sandra Davis, Linda Russell and Sandy Ferdinand doing a Charleston.

Renee Hall will do a variety number and the Charleston Cuties will be Lavenne Lund, Mary Pratt and Shirley Smith. Virginia and Jennifer O'Bear will do a tramp specialty. Goodie Mori, with the beauty shop quartet, will do Beautiful Doll. Shirnell Hansen and Shirley Smith will do a song and dance number.

Entertainment chairman is Virginia O'Bear, while Laura Horman will announce. Frank Stewart will be the auctioneer and Dr. Robert Affeldt will introduce the queen candidates.

## FRIENDSHIP NIGHT SLATED BY O. E. S.

Friendship night will be the featured theme of the May 5 meeting of Truckee Chapter, No. 116, Order of the Eastern Star with Pearl Heller, worthy matron and Charlie Heller, worthy patron, presiding. Mrs. Darol McGihon will be chairman of the refreshment committee.

## KIELHOFFER IS NAMED TO HIGH POSITION

Until his promotion, Kielhofer was special district representative for the company and often visited here from his home in Sacramento. In his new position, Kielhofer will be in charge of sales throughout northern California, northern Nevada, Alaska and Hawaii.

The advancement took place early this month and was announced by Max Morgenthau, western division manager.

## Rain Fails To Halt Volunteers In Big Paintup Program

### World Record Try Will Be Next Phase Of Local Program

The 100 volunteers who turned out Saturday to participate in the big paintup program, sponsored by the Truckee Donner Chamber of Commerce, were undaunted by the rain showers and chill wind and reluctantly gave up the job of painting structures in the rear of the main business section only after a torrential storm with snow and rain mixed forced a halt.

The volunteers, including three contractors with their equipment and crews, assembled for breakfast at Smart's at 8 a.m. with the chamber as host. After breakfast, the group was divided into crews and assigned by Chairman W. M. Englehart, Jr., to areas in the district to be painted.

Contractors with spray outfits included Ken Ford, of Donner Lake, Henry Caspari of Kings Beach and Don Reich of Tahoe City. Added to this was the equipment from Fibreboard Corporation at Hobart Mills, manned by Art Mori.

Experienced painters mingled with businessmen, women and children in the gigantic task as small structures and large were given an ample coat of grey and brown paint furnished at cost through the courtesy of local supplies.

At noon, as during the cleanup campaign two weeks ago, the workers adjourned to the fire station where the 20-30 Ettes served hot dogs, coffee, soft drinks, potato salad and ice cream bars. The coffee, incidentally was given without cost to the chamber by the restaurants and all during the day the painters were kept well supplied as Mrs. N. F. Doley passed from one group to the next.

Rex Reid of the Builders Service Center supplied paint cans and brushes and photographers from Fibreboard as well as locals had a field day snapping unusual pictures of the various groups.

Among other buildings, the Truckee

## Elgin Johnston Is Victim Of Attack

The entire community was deeply shocked Wednesday when Elgin Harold Johnston, 35, manager of the Truckee Z Market at Gateway, expired following a heart attack.

Johnston, a native of New Mexico, was born August 31, 1923. He came to California when a boy and attended school here, graduated from the University of California. Later he attended special language classes at Stanford and during World War II was an interpreter with the United States Army in Germany.

The Johnston family came here two years ago from Hayward where the deceased was employed by the Oakland Tribune. He was a close personal friend of Zeph Rose, one of the owners of Z Market, since high school days.

He is survived by his wife, Ethel and three small sons, Elgin, Jr., Byron and Timothy. Mrs. Johnston plans to remain here until the boys finish the present semester at school and then will return to her home at San Jose.

The body is being shipped by the Truckee Colonial Mortuary to San Jose and services will be held at 3 p.m. Friday at the Oak Hill chapel.

Also surviving are Johnston's father and step mother, who reside in Colorado; three brothers, two half brothers and one half sister. One brother, James, employed at the University of California, arrived Tuesday as did Mrs. Johnston's mother Mrs. A. Mongeon and her brothers, Donald and Ronald, all of San Jose.

Johnston was a retiring person, well liked by all knew him and his untimely death will be sincerely regretted. Sympathy is extended to his family.

**MRS. HENRY ATTENDS  
CONGRESS OF FLIGHT**

TAHOE CITY — Mrs. Marie Henry had the privilege last week of attending pre-public meetings of the first World Congress of Flight held at Las Vegas from April 12, through the 19th. As a delegate of the United States Air Force Mrs. Henry had a leisurely, uncrowded view of international offerings in the world of flight.

"There was so much to see," she declares. "Jet motors from England, radar installations of all kinds, ICBM equipment, a man-made satellite display, and much, much more." One of the most impressive things to her was General Motors' Car of Tomorrow, the Firebird III, with its semi-reclining contour seat, its motor in front by a propulsion factor in the rear. It would run on kerosene, fuel oil, gas or diesel. The makers did not state the cost nor the possible speed of the stream lined vehicle.

Another impressive item to see was a little plane which a family could keep in the garage. In five minutes its wings could be dismantled, packed neatly in a little trailer, and the body became a little car smaller than the Volkswagen.

A regular sized plane was demonstrated by Goodyear on the race course which came out of a square package less than three feet in any dimension. Two men could put this together in seven minutes. As a contrast with these ultra new flight gimmicks was a 1906 plane which vividly showed the progress of half a century.

Mrs. Henry also saw Miss Jerrie Cobb of Oklahoma set a new record for speed when she piloted her twin-engine Aero Commander on the official 1,2427 mile course at a speed of 226.148 mph. The course ran from Las Vegas to Reno, west to Pescadero, south to San Diego and back to Las Vegas.

The previous world record had been held by the Russian pilot, Petra Zhoudaen in 1953 with a speed of 223.713.

Mrs. Henry heard several speakers of world renown at the Congress. Prince Bernhard of the Netherlands gave an address and Walter Binaghi on the Challenge of the Jet Age.

It was a most worthwhile experience, Marie Henry feels, to see the possibilities of the near future.

Sebastian Vizcaino gave Santa Catalina Island its name in 1602.

**BANK OF AMERICA  
BUYS SCHOOL BONDS**

A Bank of America N. T. and S. A. underwriting syndicate today purchased the \$785,000 bond issue of the Lake Tahoe Unified School District, El Dorado County.

The bank syndicate paid a premium of \$379 for a combination of 5 percent, 4 1/2 percent and 4 percent bonds, or a net interest cost to the district of 4.11 percent. The bonds were reoffered to investors to yield from 2.40 percent to 4.15 percent, according to maturity May 15, 1960-1961.

Bank of America N. T. and S. A. and the underwriting accounts it manages have purchased more than \$716 million of California state and municipal bonds in the past 12 months.

The Bank group which bought the \$785,000 Lake Tahoe Unified School District bonds included: Blyth and Co., Inc.; Weeden and Co.; Dean Witter and Co.; William R. Staats and Co.; E. F. Hutton and Co.; Stone and Youngberg; Lawson, Levy, Williams and Stern; J. B. Hanauer and Co.; C. N. White and Co.

**LAPSE IN ATTENTION  
IS ACCIDENT CAUSE**

"Most motorists are capable drivers most of the time—it's the momentary lapse in attention and alertness that is usually responsible when these drivers get into trouble," declared Sergeant F. Snyder, officer-in-charge of the California Highway Patrol's Truckee area, today.

"We know that the great majority of traffic accidents result from a violation of the law. In most cases the violation was knowingly committed—the driver knew he was exceeding the posted speed limit, for example. But in other cases, the violation was unintentional, the result of a brief period of distraction from the business of driving caused by any one of several reasons. Even good drivers are liable to have these distractions unless they constantly guard against them."

Sergeant Snyder noted that a skilled driver always drives defensively and thus is prepared to meet any emergency caused by another person's negligence or unlawful action.

"He knows that the responsibility for safety is pretty much up to him alone and that he cannot rely on the other fellow always to do the right thing."

By JUDGE HARRY CHARRISON

**WEATHER**  
Those of us in the immediate area know all about it—a little rain, a little snow, a little sunshine, and the results of which show today, Sunday, with a beautiful green golf course. And to add to this they

have taken the shutters off the club house. Another indication that summer is really here—ain't that wonderful!

**CRYSTAL BAY BUSY**  
Seems to be action at Crystal Bay with preparations for a great big season, so watch for ads of delights to come.

**BIG SHOWROOM**  
Mike Brown's Boat Company is really coming to life, he's building a beautiful showroom at his newly acquired property at Tahoe Vista which will include office space 'everything, also a ramp' off the pier which will be most helpful to those wishing to get out into the lake in safety and quick time.

**APPRECIATION**  
Had a letter from Mrs. Sarah H. Barnum, commenting upon items in the Sierra Sun regarding the interest of people of this area in their efforts to erect a stone for Orin Branch Memorial, also making donation for same. Mrs. Barnum is well known having lived on North Avenue for many years. Says she looks forward each week to receiving the Sun.

Top entertainment has been booked for the show times during the conference.

More than 200 advanced reservations for accommodations and activities have been received to date and more than 1500 persons are expected to join in a weekend of Rotary fun at the Cal-Vada Line.

### DEVELOPMENT OF THE BUSINESS

Comparative data for the use of electricity by residential customers in the county as a whole, as well as other communities are readily available and present a bright picture when placed beside the Truckee results. In Truckee the average consumption per residential customer is almost twice the national average. The average use has been growing in Truckee at a faster rate than for the nation.

TABLE 2

Average Number of Kilowatt National Hours Sold per Residential Average Customer:	Truckee
1956	5,425
1957	5,899
1958	6,349

Percentage Increase:	Truckee
1957 over 1956	8.74%
1958 over 1957	7.63%

Among publicly-owned utilities in California, Truckee's average sales per residential customer rank very high. A recently published list gives the following figures for ten such public bodies. Truckee's data have been added at the bottom of the list and appear to be the second highest in each year.

TABLE 3

	1956	1957	1958
Alameda Public Utility Department	2,238	2,295	2,379
Burbank Public Service Department	2,330	2,430	2,530
Glendale Public Service Department	2,136	2,232	2,400
Los Angeles Depart. of Water & Power	2,106	2,158	2,278
Modesto Irrigation District	3,919	3,855	3,525
Palo Alto Electric Department	2,506	2,538	2,804
Pasadena Municipal Utilities	2,224	2,353	2,395
Riverside Public Utilities Department	2,880	2,760	2,794
Sacramento Municipal Utility District	3,065	3,338	3,597
Turlock Irrigation District	7,605	7,941	8,400
Truckee Public Utility District	5,425	5,899	6,349

It is thus evident that the sales and pricing policies of the electric department have resulted in widespread use and enjoyment of electric service by residential customers in Truckee, and a growth of such use which may be considered outstanding for a utility and community of its size.

At the same time, the revenue per residential kilowatt hour sold has declined slightly in the county as a whole, and in Truckee, too, starting here at the lower level in 1956.

TABLE 4

	National Average	Truckee
1956	2.60c	2.28c
1957	2.56c	2.23c
1958	2.53c	2.16c

No data on familiar figures are available for the California publicly-owned utilities listed above.

The residential comparisons here given are very important, because, in Truckee, residential customers represent 70.48% of the total number, consume 45.72% of the electricity sold, and provide 40.27% of the revenue. The corresponding national percentages are 85%, 27.9% and 41.3%, respectively.

John Albert Taylor, Pastor  
Phone Luther 7-3637  
Church School: 9:45 a.m.  
Morning Worship: 11:00 a.m.  
Albert Schweitzer has written  
that nothing of real value in this  
world is ever accomplished with-  
out enthusiasm and self-sacrifice.  
Not only is this true when con-  
sidering world history and the de-  
velopment of mankind, but it is  
also true in our lives and interests.  
Unless we live our lives with a  
sense of enthusiasm and unless we  
are willing to make personal sacri-  
fices for the things we believe to  
be worthwhile, it is doubtful that  
we will make much of an impact  
for either self or society. Pastor  
Taylor will discuss this subject  
in Sunday's sermon entitled, "The  
Possessed and the Possession."

TAHOE CITY — The April meet-

was attended by 33 members, three  
visiting Rotarians and two guests  
of local members. The visiting Ro-  
tarians were, Wiley Jones of Cris-

Bill Avery of Reno. Guests of local  
members were Robert Mahoe of  
Tahoe being entertained by Dave  
Gaynor. Mike Korich, a former lo-

California was the guest of Mar-

Wiley Jones, chairman on ar-  
rangements for holding the annual  
Rotary conference to be held this  
year on May 22, 23 and 24 at Cris-

plans are complete with the excep-

He will be accompanied by his

To The Voters of  
Truckee Public Utility District

As a candidate for the board of  
the Truckee Public Utility District,  
I would like to state my position on  
local issues in the order named.

- My Primary interest is to further develop the wide-spread use of power and water to its fullest extent, along with improving the service now being rendered.
- By concentrating on this, I feel industry may be encouraged to settle in our district, increasing business and bringing more work to local people. I believe the board members, as public servants, should consider promotion of industry a personal challenge.
- To consider every possible means of bringing recreation to our community, not only for the enjoyment of our adults and children, but to entice tourists to our business districts that are now being lost to other areas. We must have something to offer before extending an invitation.
- If elected, I will work in all directions, within the limit of my power as a board member, to further the progress of our community.

JACK W. ELLIS

pal church at Tahoe City flew to  
Potsdam, Pennsylvania last week  
where he attended a training pro-  
gram at the Ecumenical Service  
Center of the World Council of  
Churches.

The Ecumenical movement is one  
to weld all the Christian churches  
of the world into a common body.  
Fourteen young people of high  
school age from many denomina-  
tions and all parts of the United  
States will arrive at Tahoe City for  
a month of intensive work as a  
part of the program.

In addition to working they will  
receive Bible instruction and par-  
ticipate in activities at Camp Noel  
Porter.

Rev. Welch attended the eastern  
meeting to be trained in leading  
such groups.

The pastor would like to receive  
the names of all those planning to  
attend the camp this summer.

## NEWS NOTES FROM TAHOE

NAOMI McLANE  
Box 711, Tahoe City — JU 3-3187

Let everyone remember the Commons clean-up day scheduled for Saturday May 2. Children and parents of any and all organizations are most cordially invited to come. Bring rakes, shovels, wheel barrows, any tools that will help in this fine and necessary venture.

As well as sponsoring the clean-up day, the Boy Scouts of Tahoe are having a full program under the leadership of Chris Burner. On Tuesday, May 5th, the boys will meet on the Commons (clean) for a cook-out if the weather permits. After this activity which will help meet 2nd class requirements, the boys will have their regular meeting up in the Community Hall. On Tuesday, May 12, the boys will begin a series of junior first aid classes under Mrs. Marie Henry. The 75 cent manual should be purchased before that time. These books may be ordered through Mrs. Henry.

Mrs. Fern Schleuter is happy to be home again in her Tahoe home. She returned last week with her sister, Mrs. Vivian Nelson. Mrs. Schleuter had an active winter sightseeing as far away as New York and Washington, D. C. She spent Thanksgiving in Lincoln, Nebraska and several weeks each in Oregon and Washington visiting relatives and friends.

Ernie Pomin has returned for the season from San Francisco where he spent the winter. He remembers snow falls in late May so our last little flurry was not "unusual."

Last week two cars full of young habited nuns from the Sisters of Mercy school in Auburn came up for a day's picnic. They had hoped for a "snowball fight," they said, but were happy to settle for the perfect spring day they found at Sunnyside Beach.

Mrs. Levy who has spent many summers here with her family has come up a little earlier than usual because of the beautiful spring. She is staying with Mrs. Mabel Franklin of Tahoe Park.

Mr. and Mrs. William Hunter are justifiably proud of their daughter, Mary Ellen, who has just received a California Scholastic Award in Journalism at Sacramento State College. Mary Ellen was up for the weekend visiting her parents and also attended the Mad Hatters party of the Tahoe Squaws.

Which was a delightful affair. Gloomy skies and snow flurries did nothing to dampen the ingenuity of the women who attended the Sunday afternoon party at the home of Mrs. John Anderson. Mrs. Bob Beaverson well deserved the prize for the brightest hat with her little basket inverted and hung with gay Japanese lanterns and

besting the "Emperor's Nightgale." Mrs. Bob Pomin's headress of stately plume, imported can openers, sophisticated cigarette holders, useful safety pins certainly earned its prize as did Mrs. Robert Stark's merry-go-round hat. Other hats worthy of mention were Mrs. Jim Brehler's streamlined headpiece labelled "I am Your Leader", Mrs. Al Cavallo's inverted waste basket, Mrs. Bob Jorgensen's blue exterior plumbing and Mrs. Jay Shontz's Kitchen Piece. Mrs. Hal Farr's hat pled with the beholder not to follow her because she was lost too and Mrs. Oliver Henrikson's hat certainly denoted the wearer as the mother of children of several ages and interests!

A vote of thanks and appreciation goes to Mrs. Herman Henke for her wonderful program of her kindergarten pupils at PTA last Thursday night. The youngsters opened the meeting with flag salute and song and then turned to their parts with veteran enthusiasm. Every child took part and each one did very well.

Despite wind and snow on Saturday a good crowd of boys turned out at the baseball field to sign up for the Little-League ball program. Ernie Marier is organizing the group this year just as he has done for the past two seasons. The Rotary Club is sponsor of the boys and has attended to the buying of uniforms and insurance for the necessary trips the boys take. Next week we will tell you more of the program and of the many men who are giving time and energy to make

## TNT TIDINGS BY NANCY WATTS

This week, Public School Week, is being climaxed at Tahoe-Truckee by open house on Thursday night. Most departments will have displays and all the communities are invited to attend. A fashion show, produced by the home economic students and their teachers, Mrs. Betty Jo Smith, will be one of the events of the evening. Refreshments will be served after this fashion parade, which starts at 8:15. Also, a planetarium show will be going on every 10 minutes in room 1. John Suter, Gary Sciutto, and John Olinghouse will show such phenomena as Polaris, the constellation of the hunter, Orion, and the brightest starr, Sirius. We hope everyone will come to see what our school has to offer.

## VOTERS

I was pleased to see in the last week's issue of the Sierra Sun some of the candidates for director of the Utility District have outlined their policy, if elected to the board.

Anyone asking for support to a public office should be willing to state why they want the job and what is to be their policy if elected. The directors are the servants of the people and their wishes should guide the policy of the board within the powers and provisions of the utility district act.

The Truckee Public Utility District is in the enviable position of being the only utility district in the state operating without a tax and if elected a member of the board, I would endeavor to maintain this condition unless a change should be agreed to by a vote of the people.

I believe the lowest possible rates for service rendered by the district should be maintained constant with good business practices.

I would work for extending better street lighting throughout the district as has been programmed and started by the present board. The services of the district should be extended into any fields of operation permitted under the act and desired by a majority of the inhabitants such as playground, recreation, etc. The district should indicate their faith in the future of this area by either owning their own building or going with the county in a building.

With a view to more economical operation of the public agencies within the district, I would advocate a study be undertaken with the other agencies involved, as to the value of combining the fire, sewer, and utility services under one board.

I believe the members of the board should have vision, initiative, and leadership in the development of the resources and services of the district and should assist in promoting the prosperity and well being of all the inhabitants of the district, within the means provided by law.

I urge every one to vote and to consider all candidates and vote for the four men you feel will best serve you and the district.

## TAHOE TRUCKEE SCHOOL NEWS

### TRUCKEE ELEMENTARY

**KINDERGARTEN:** Our mother hen hatched nine baby chicks. One was white, the rest were black. They have gone to Reno now to live in a big chicken yard.

**FIRST GRADE:** Melanie Anderson and Debby Wurst brought interesting rock collections for "show and tell".

We visited the kindergarten to see the mother hen and her baby chicks.

**SECOND GRADE:** The second graders hope their parents will be interested in the reading tests the children have been taking. Our test booklets will be on display on Parents' Night as well as a chart showing their achievements.

The best spellers this week are: Steven Silverii, Joe Reichlin, Jonathan McLane, Claudia Rhoades, Ann Marie Collier, Sandy Davis, Michelle De Lisle, Terry Higgins, Jeffery Jellin, Curt Mullis, George Franceschini, Elizabeth Richards, Ryan Houlgate, Bruce Leamon,

Tammy Richards, Brian Smart, Steven Maynard, Curt Wurst, Curtis Melugin, Monte Neugebauer, Sandra Ferdinand, Elaine Barnes, Kathy Decker, Sandra Eckerman, Joe Corro, Mary Lou Randall and David Goldsmith.

**THIRD AND FOURTH GRADE:** "Good Housekeepers" of the week were: Kathy Braasch, Donald Whiteneck, Wilbur Glenn, Pam Horman, Augie Acosta, David Higgins and Phillip Ridsen.

Congratulations to Bill Rose for his outstandings in his weekly spelling test and dictation.

We presented a choral reading entitled Mrs. Goose's New Hat to the first and second grades. Pantomining the parts were: David Curtis, Mrs. Goose; David Higgins, the Milliner; and Rod Farley, Mr. Goose.

**FOURTH GRADE:** Spelling efforts rewarded the following with "Outstandings": Darlene Doolittle, Gail Englehart, Beverly Holleman, Craig Mullis, Cam Houlgate, Marianne Moore, and Garee Lynn Stewart.

Future Einsteins in the field of arithmetic could possibly be: Marianne Moore, Craig Mullis, Terri Richards, Garee Lynn Stewart, Ronnie Walker and Stephen Weiler.

Outside word in social studies rates special mention for Darlynn Ingalls, Pat Merica, Dennis Richards, and Donna Smith.

For writing good outlines, Jan Williams, Terri Richards, Darlene Doolittle, Marianne Moore, Beverly Holleman, Garee Lynn Stewart, and Bill Waters have earned a "day-off" in the language department.

Special praise for their hard work in various academic fields goes to Bill and Gary Waters, Ronnie Walker, Dennis Richards, Stephen Weiler, and Karen Hedlund. Jonny Giatt, Billy Hobbs, John Collier, Richards Purington, and Stephen Weiler are becoming the track stars of the fourth grade.

**FIFTH GRADE:** The fifth grade had a very satisfactory public speaking exercise. The topic was "Safety on the Highway". Connie Rhoades, Dianne Pankoke, Larry Digesti, Chuck Trainor, Rick Ralphs and Anne Morey are becoming accomplished public speakers.

The fifth grade kick ballers had a tough week against the sixth graders. The sixth grade paced by the booming kicks of Dennis Douglas and Kenny Taylor whipped the fifth graders 24 to 0 and 14 to 0.

**SIXTH GRADE:** We welcomed two new students this Monday. They are Linda Erwin and Warren Trumbly.

Seventeen pupils received one hundred per cent in the spelling test this week.

In arithmetic Mike Sauby received the highest score on the pro-

blem and fundamental review test. Judy McGwinn Marcia Leamon, David Sorani and Ronnie Conn obtained A's.

Our product map of Canada will be completed for Open House on April 30th. We are inviting all parents to come.

Janet Stumbo, Ricky Decker, Gary Martin, John Corindo, and Sally Templeton have finished reading in "On Cherry Street" and are now in "Down the Road".

**SECOND GRADE:** Michele Marchese is our new second grader. This brings our enrollment up to thirty nine. Michele and her parents spent the winter in Reno. We are happy to have her back with us.

Candy Ehlers finished her reader this week. She completed "Down Our Way" and has started "Meet Our Friends".

Sandra Martin has been ill all week. She has a bad cold and cough. We hope she will be well soon.

**SIXTH GRADE:** In our social studies test those getting "A's" were Tom North, Jon Hill, Art Waddell, Donald Hopkins, Eddie Hoff, Bob Holley, Gail Fitzgerald,

# ARE WE TRYING TO GET OUT OF THE PASSENGER BUSINESS?

Some people seem to think we don't want to run passenger trains.

This is a matter of great concern to us because running trains is our business and we expect to be running them for a long time.

So we want you to know just how we feel about the important passenger side of our business:

- 1 We want to run passenger trains that you need and use. We welcome passenger business and we hope more people will ride our trains.
- 2 We want our passenger trains to be good trains. We think our passenger service is as good as any in the country...and we intend to keep it that way.
- 3 We feel, however, that it is sensible to limit our service to trains and schedules which many people need and use, and to discontinue those which few people use and which are obviously no longer needed.

More and more people are traveling by automobile and by air, fewer by train. But we have not been sitting idly by while the public's travel habits changed. We've spent millions of dollars in the last ten years on new passenger train equipment, and more millions promoting our service.

In spite of our efforts, some of our trains

have been carrying very few passengers.

We think it is better for everybody—for you and for us—to reduce or eliminate poorly patronized train service which causes heavy losses. Such losses become a burden on freight shippers and industry, and impair our ability to serve this great and growing Western region.

## DONNER SUMMIT NEWS

BY DONNA POWERS

### SUMMIT SIT MEETS

Gloria Reed, Mrs. Nora Heckle, and Mrs. Bartucco, were co-hostess to the ladies of the Summit Sit at the Wofford's Motel recently. Everyone enjoyed a pleasant evening of conversation and hand work.

Those present were Zona Madden, Violeta Mason, Betty Board, Kate Zoll, Betty Aro, Mary Williamson, Judy Hambridge and Frances Dragoon.

### DONNER TRAIL SCHOOL

Students of the Donner Trail School felt an air of anticipation as they were handed their report cards last week ending the third period. This indicates only eight more weeks of this term.

As a culmination of the study done by the students of the Donner Trail School on conservation of natural resources, the Big Bend Ranger Station has invited the school children down to Big Bend. The visit will include a full explanation of the operations, plans, and problems of the forest department in this area. As a monument to the occasion the rangers will present a tree to the students. The tree will be theirs to plant and care for.

### SODA SPRINGS HOTEL

At a Soda Springs Hotel board of directors meeting held recently, it was decided to curtail the operations of the hotel for a short time. During this period the hotel will undergo a face lifting in preparation for the expected full summer season. Summer activities may include horse back riding activities centered at the hotel.

### REFORESTATION

The United States Forest in the Blue Canyon area is the current sight of tree planting operations by rangers of the Big Bend Ranger Station. When the operation is completed this week 30,000 trees will have been planted on 60 acres.

## Redistricting Plan In County Studied

The Grass Valley Junior Chamber of Commerce, through R. Peter Ingram, committee chairman, has

presented the board of supervisors a plan for redistricting the county under a new supervisory setup. At their meeting Friday, the board did not take action but it was indicated that a petition will be circulated calling upon the governing body to take steps in the near future.

Supervisor H. G. Loehr of Truckee said that while redistricting is warranted he would not approve the present plan before a more comprehensive study is made of all phases.

Loehr has pointed out that the proposal by the Grass Valley group would include that city in four of the five districts, namely Districts 1, 2, 3, and 4, while Truckee and the fifth district would remain virtually as at present. This might well result in voters of Grass Valley naming four of the five supervisors, since the heavy voting in the western section of the county is there. Nevada City, under the plan, would be split by Districts 1 and 3.

Based on a population basis, this proposal might be equitable, but when the needs of other sections of the county are taken into consideration, particularly the rural districts, it might not be such a solid idea, Loehr explained.

The local supervisors agreed that some method of redistricting is undoubtedly needed, but he wants further study and a more definite local opinion before taking any action.

### WELCOME BACK

Returned from their winter vacation are Mr. and Mrs. Ray McCarty of Soda Springs. The couple had come back expecting to enjoy the warm spring weather, but soon experienced the weekend of snow.

### AWAY FOR REST

Mrs. Toddy Simmons, wife of Mr. James Simmons principal of the Donner Trail school, is visiting her mother and the Leslie Simmons family of Berkeley for a week. Toddy and Jim both are looking forward to some nights of sound sleep. Since the arrival of their daughter Leslie Ann sleep has been interrupted nightly.

## VOTE MAY 5th

If I am elected to the Truckee Public Utility District Board of Directors, I will do my best to see that the district operates efficiently and in the best interests of the whole community.

I am also interested in the development of a recreational area within the district that may be used and enjoyed by every family and which will be beneficial in promoting this community as a better vacation spot of which we can all be proud.

I have lived in Truckee for the past 11 years and own my home and business here and am very interested in the welfare of the district.

On the basis of the above, I earnestly solicit your vote at the district election May 5, 1959.

PAINTUP PROJECT  
Continued from Page 1

The jail was given a coat of grey, brightening up the structure, while the big Truckee Garage next door was painted brown from top to bottom.

Halted by the storm, the job was not completed, but this week was continuing as prisoners volunteered to complete the project.

## Next Step

The next step in the program which started some time ago with a community-wide cleanup, will be taken May 9 when a world record will be tried for in painting a building in two minutes. For this, the high school students will be asked to participate and the high school band will be on hand to supply music for the occasion. Full details will be announced next week.

The final step in the program will be on May 23 when the Truckee Fire-ettes are sponsoring a dance at the Veterans Memorial Building.

Heading the committees on the cleanup, paintup are Zeph Rose, general chairman; N. F. Dolley, cleanup; W. M. Englehart, Jr., paintup; Walter Barrett, publicity and Lee Apple, finance.

Photos of the cleanup project, taken and donated by Sergeant Frank Snyder of the highway patrol, are now on display at the Sierra Sun office and at the Bank of America. The paintup pictures will be added as soon as they are processed.

Tahoe Labor Man  
Is Beaten, Robbed

AUBURN — Sheriff officers are holding three men in the county jail for investigation of the \$418 strongarm robbery of labor union representative Dave Russell in Kings Beach Lake Tahoe.

Held are James Harrison Warble of Stockton San Joaquin County, and Julio and Louis Cavallero, brothers, of Bakersfield, Kern County.

Sheriff's Deputy Max Bennett said Russell reported he was struck on the head in the Laborers Union Hall in Kings Beach and his wallet containing \$415 in union funds and \$3 of his own money was taken.

The three men were arrested one and one half hours later on U.S. Highway 40 near Gold Run, Placer County by Highway Patrolman Charles Sovey. The money has not been found.

Bennett said Russell told him the attack occurred just after three men had been in his office. Russell stated he was sitting at his desk when he realized someone was in the room with him and he started to turn to see who it was. It was then, he said, he was struck.

A witness outside reported two men left the hall, followed shortly by a third man. He said the trio jumped into a car and sped away.

NEW RIVIERA SHOP  
TO OPEN AT TAHOE

TAHOE CITY — John Palmer of the Riviera Resort Clothes Shop announced this week that the new store at Tahoe City, to be located in the former Coddling and Wetzel Ski Shop, will be open Saturday, May 2.

Palmer said that he was repeating the performance of the Kings Beach open house, complete with fashion show and champagne for the public between 11 a.m. and 3 p.m. Several Truckee and Tahoe City young women will act as models.

It was pointed out that since starting the first store at Tahoe City four years ago, Riviera Resort Clothes has expanded to four stores with a considerable payroll in the communities served.

Palmer said that the Tahoe City store has adopted good design in clothes as its theme.

The public is invited to the open house Saturday.

ERNEST MAIER TO  
HEAD TAHOE P. T. A.

Mrs. George Day was elected vice-president and Mrs. Philip Howard secretary. Max Hoff will be new treasurer, Mrs. V. R. Michener and Mrs. Charles Cross, Jr. will serve as auditors and Mrs. Max Hoff as parliamentarian.

The presence of men on the board of the PTA denotes a new interest in the fathers of the Tahoe Lake School and speaks well for a more rounded program of PTA affairs.

Bill Bechdolt gave an interesting report on the water rights and problems of the Lake area and John Corbin, superintendent of schools, gave a brief talk on the necessity of our building program. Kindergarten mothers served refreshments.

The next and last meeting of the PTA will be next May 28 in the multipurpose room of the new addition and will be a family night of games and pot-luck supper. The only business of the evening will be the short installation ceremony for the new officers.

CALIFORNIA BACK ON  
DAYLIGHT SAVING

Just in case it has failed to reach your attention, we would like to report that California last Sunday went on its usual semi-annual winking and clocks were set AHEAD one hour to conform with the daylight saving program.

We purposely didn't announce the change last week in advance, as is customary, because it is never clear whether clocks should be set ahead or back to best serve the interests of the citizens.

We felt like a popular television star, who last Saturday wanted to announce the change, then finally wound up by suggesting that time pieces be set sideways.

## Hears of Birth

Mrs. Hazel Lewis of Truckee received a letter from Mr. and Mrs. Cliff Watson of Phoenix, Arizona telling of the arrival on April 16 of their third child, named Leslie Diane. Both parents are well known in the Truckee, Tahoe area where they formerly lived. Mrs. Watson is the former Marcella Walker.

## CARD OF THANKS

We wish to thank our many friends and neighbors for the floral offerings and sympathy extended to us in our recent bereavement.

Wife, Mrs. Anna Dugdale, Daughters, Mrs. Paul D. Myers and Mrs. Lew Barney.

TARZAN HAS PACKED GOLD AND SAMPLES OF TARZANLAND'S HISTORIC AGE OF COPPER FOR THE JUNGLE-PASH TO CIVILIZATION. HIS GOAL: AN AIRBASE FROM WHICH PROFESSOR PLANPOME CAN FLY WITH HIS SECRETS TO AMERICA.

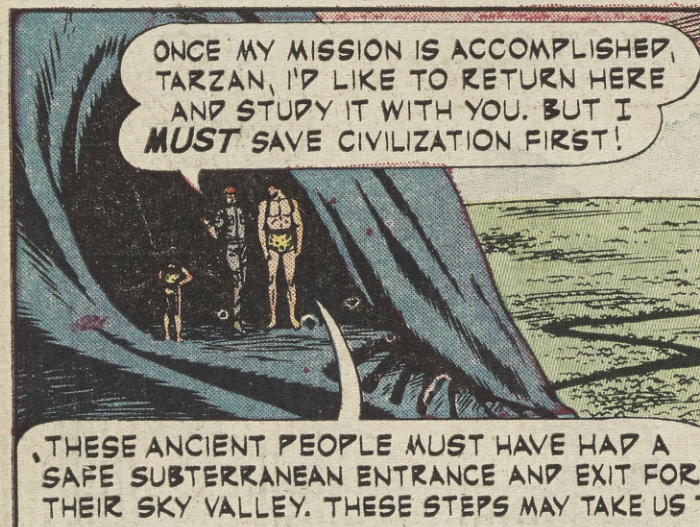

WHILE TRYING TO REACH YOUR PARACHUTE, PROFESSOR, WE FOUND THIS CAVE AND SOME STONE STEPS. WE'LL SEE WHERE THE STEPS TAKE US.

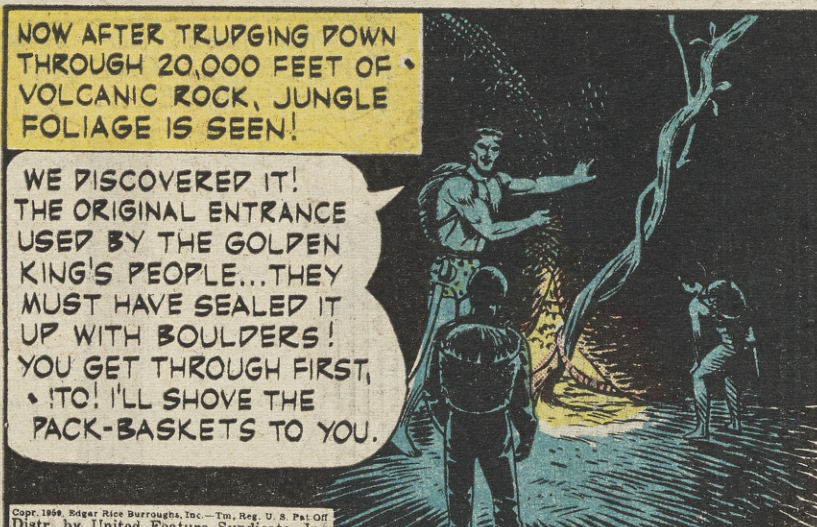

YOU'VE DISCOVERED SOMETHING HERE GEOLOGISTS AND ARCHEOLOGISTS KNOW NOTHING ABOUT!

ONCE MY MISSION IS ACCOMPLISHED, TARZAN, I'D LIKE TO RETURN HERE AND STUDY IT WITH YOU. BUT I MUST SAVE CIVILIZATION FIRST!

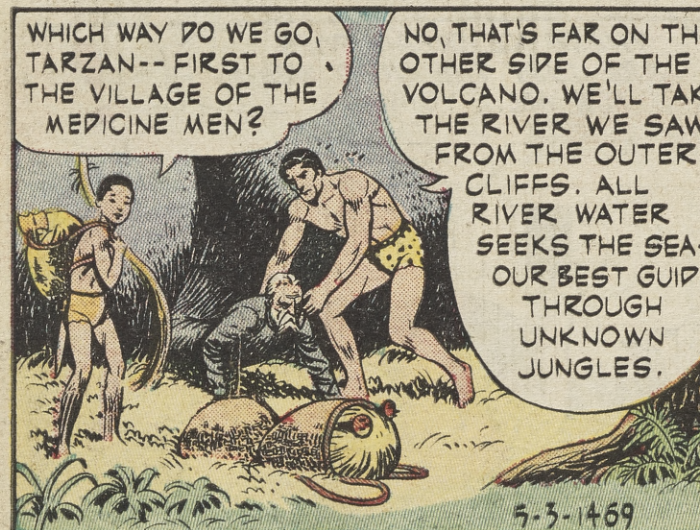

THESE ANCIENT PEOPLE MUST HAVE HAD A SAFE SUBTERRANEAN ENTRANCE AND EXIT FOR THEIR SKY VALLEY. THESE STEPS MAY TAKE US TO IT!

NOW AFTER TRUDGING DOWN THROUGH 20,000 FEET OF VOLCANIC ROCK, JUNGLE FOLIAGE IS SEEN!

WE DISCOVERED IT! THE ORIGINAL ENTRANCE USED BY THE GOLDEN KING'S PEOPLE...THEY MUST HAVE SEALED IT UP WITH BOULDERS! YOU GET THROUGH FIRST, IT! I'LL SHOVE THE PACK-BASKETS TO YOU.

WHICH WAY DO WE GO, TARZAN-- FIRST TO THE VILLAGE OF THE MEDICINE MEN?

NO, THAT'S FAR ON THE OTHER SIDE OF THE VOLCANO. WE'LL TAKE THE RIVER WE SAW FROM THE OUTER CLIFFS. ALL RIVER WATER SEEKS THE SEA--OUR BEST GUIDE THROUGH UNKNOWN JUNGLES.

LATER... NIGHT FINDS TARZAN BUILDING HIS BALSA RAFT, ON THE BANK OF THE RIVER HE'D SEEN FROM TARZANLAND.

WHAT'S THIS RIVER'S NAME, TARZAN?

WE'LL CALL IT NO-NAME RIVER-- NO MAP'S BEEN MADE OF THIS INTERIOR!

THE MEDICINE MEN SAY RIVERS ARE FULL OF FISH THAT EAT PEOPLE!

NEXT SUNDAY: NO-NAME RIVER'S DEATH TRAP.
